

IMPACT OF AI ON STEM CELL RESEARCH & MEDICINE

Monday 18 March 2024
3pm-7pm

Jeffrey Cheah Biomedical Centre
Lecture Theatre

Featuring Expert Panellist: Dr Owen Rackham
The Alan Turing Institute

Prof. Sarah Teichmann
*Cambridge Stem Cell
Institute & GSK*

Dr Nadav Yayon
*EMBL-EBI & Wellcome
Sanger Institute*

Dr Namshik Han
*Milner Therapeutics
Institute*

2:30 - Registration opens

3:00 - Welcome by Bertie Gottgens

3:10 - Sarah Teichmann: Foundation AI models for human cells & beyond

3:40 - Nadav Yayon: How AI impacts imaging for stem cell researchers

4:00 - Namshik Han: Empowering multi-omics and drug discovery with machine learning

4:20 - Coffee break

4:35 - Panel discussion

5:35 - Meet the expert: Roundtable discussions

6:15 - Reception with drinks & refreshments

7:00 - Event end
