University Lecturer in Stem Cell Science

The Wellcome - MRC Cambridge Stem Cell Institute is a world-leading centre for stem cell research with a mission to transform human health through a deep understanding of stem and progenitor cell biology (http://www.stemcells.cam.ac.uk). In 2018 we will move into a new state of the art building adjacent to Addenbrooke’s Hospital and multiple research institutes (http://cambridge-biomedical.com). This will result in a fully integrated, vibrant and cohesive stem cell community ideally placed to capitalise on the unique intellectual and clinical surrounding environment.

The Institute has an opening for a University Lecturer or Senior Lecturer who will complement and synergise with our existing programmes. We welcome applications from across the whole range of stem cell biology, with areas of particular interest including:

i. The interface between stem cell biology, physical, computational and materials sciences
ii. Cell and gene therapy
iii. Ageing of stem cells

The successful applicant will have an outstanding research record as an independent group leader and will be expected to develop a rigorous, high quality and externally funded research programme at an international level. It is anticipated that, depending on skills and experience, the salary will be in the range of £49,149 to £56,950 pa, plus a start-up package.

Interdisciplinary and collaborative research is strongly encouraged across the University and its associated institutes. The Institute benefits from generous core funding from the Wellcome and MRC. It offers a collegiate environment with excellent core facilities, extensive opportunities to pursue basic and disease focussed studies.

To apply online for this vacancy and to view further information about the role, please visit: www.jobs.cam.ac.uk/job/15646. This will take you to the role on the University’s Job Opportunities pages. There you will need to click on the ‘Apply online’ button and register an account with the University’s Web Recruitment System (if you have not already) and log in before completing the online application form. Deadline: 18th January 2018

Informal enquiries about the post are welcome via email to sci-administrator@stemcells.cam.ac.uk

Please quote reference RB13918 on your application and in any correspondence about this vacancy.

Interviews will be held over a three day period from Wednesday 25th April to Friday 27th April 2018.

Equal Opportunities

The University values diversity and is committed to equality of opportunity. The University has a responsibility to ensure that all employees are eligible to live and work in the UK.
